

## **Accessibility Conformance Statement**

Napa Valley Estate Planning is committed to ensuring digital accessibility for all individuals, including those with disabilities. We continually strive to improve the user experience for everyone and apply relevant accessibility standards to provide equal access to our website.

## **Accessibility Standards**

We strive to conform to the Web Content Accessibility Guidelines (WCAG) 2.1, published by the World Wide Web Consortium (W3C), at the Level AA conformance level where reasonably achievable. These guidelines explain how to make web content more accessible to people with a wide range of disabilities, including those affecting vision, hearing, mobility, and cognition.

## **Accessibility Measures Implemented**

- Implemented semantic HTML structure, including proper use of headings (h1, h2, etc.) to support screen reader navigation.
- Ensured logical reading and focus order so content is announced in a meaningful sequence when using assistive technologies.
- Added a “Skip to main content” link to allow keyboard and screen reader users to bypass repetitive navigation.
- Defined clear landmark regions, including a main content area, to improve navigation for assistive technology users.
- Improved keyboard accessibility to ensure interactive elements can be accessed and operated without a mouse.
- Clarified link purpose so links are descriptive and understandable when read out of context.
- Marked decorative images and icons appropriately so they are not unnecessarily announced by screen readers.
- Ensured visual presentation and text layout remain readable and consistent across devices and assistive technologies.

## **Assistive Technology Compatibility**

The website has been reviewed using keyboard-only navigation and screen reader technology, including Windows Narrator, to identify and resolve accessibility issues. Testing and remediation focused on homepage content, Areas of Practice subpages, Client Resources subpages, About Us, and Parking & Directions.

## **Ongoing Commitment**

Accessibility is an ongoing effort. While we strive to adhere to accepted accessibility standards, some content or third-party integrations may not yet fully conform. We are actively working to address any identified issues and to improve accessibility over time.

## **Feedback and Assistance**

If you experience any difficulty accessing content on this website, or if you have suggestions for improvement, we welcome your feedback. We will make reasonable efforts to address accessibility concerns promptly and to provide information in an alternative format upon request.
